Samaritan Hospital opened its doors at the turn of the century – when major clinical and technological discoveries such as X-rays, the electrocardiogram and new methods of diagnosis – were unfolding.

First located on Eighth Street in Troy, in the former Troy Orphan’s Asylum, the hospital moved to its present location at the corner of Burdett and Peoples avenues in the early 20th century. Today, the Samaritan Hospital campus has grown to include the St. Mary’s Campus on Massachusetts Avenue in Troy, and the former Albany Memorial Hospital site on Northern Boulevard in Albany.

Samaritan Hospital is an important part of St. Peter’s Health Partners, one of the leading health care systems in upstate New York. St. Peter’s Health Partners delivers an extensive array of health, education and support services through our various component corporations, employing more than 12,000 people.

While the years have brought many changes to Samaritan Hospital, one thing has not changed: our commitment to meeting the health care needs of our community, and planning for a strong and healthy future for the people of the Capital Region.
Welcome to the Samaritan Hospital Main Campus.

Located on Burdett Avenue in Troy, the Main Campus is home to the recently constructed state-of-the-art five story patient pavilion. Samaritan Hospital’s St. Mary’s Campus on Massachusetts Avenue in Troy offers an array of outpatient services, including urgent care and is home to the Samaritan Hospital School of Nursing. In 2020, Albany Memorial Hospital merged into Samaritan Hospital to become Albany Memorial Campus offering emergency, inpatient, and outpatient care.

The important information in this booklet may be useful during and after your stay. Please review the information and feel free to discuss with our staff any questions or concerns you may have regarding your care. We are here to serve you and make your stay as comfortable as possible. After discharge, you may receive a survey regarding your care at Samaritan Hospital. We ask that you assist us by filling out the survey. (For more information, see page 18.)

Thank you for entrusting your care to Samaritan Hospital. Our experienced team of doctors, surgeons, nurses, and staff is dedicated to providing the highest quality, most compassionate care to each and every one of our patients.

Sincerely,

Michael Finegan
President of Acute Care

WHEN YOU ARRIVE

NOTE: This guide has information about the hospital you have chosen for your care. You will receive this guide along with the St. Peter’s Health Partners (SPHP) Patient Handbook – A Guide to Hospital Policies and Patient Care. The handbook contains important information that applies to patients at all SPHP hospitals, including your rights as a hospital patient. You should use both the SPHP Patient Handbook and this guide for complete information about your hospital stay.

PARKING

Free parking for patients and visitors is available at the main entrance parking garage off Eagle Street. Valet services are provided at the Lally and Pavilion entrances to the hospital from 6 am to 4 pm. Valet services can be validated for inpatients upon discharge and outpatient services at the office desk when visits are completed. All others will be charged a $5.00 fee for the service. If you leave after closing hours, vehicle keys can be retrieved at the Emergency Room security office.

Parking on hospital driveways and in other designated areas is prohibited to allow free passage for emergency vehicles. Please do not park in these areas.

If you are returning to your vehicle after dusk and would like an escort, please contact the switchboard operator at 518-271-3300. Security personnel will meet you at the appropriate exit, escort you to your vehicle and wait until you are safely on your way. If you have any questions or concerns about parking or other security matters, please contact the Security office at 518-271-3321.
VALUABLES AND PERSONAL ITEMS

Please be aware that the hospital cannot be responsible for your personal belongings and/or valuables. Please send home all belongings that are not absolutely necessary to your hospital stay. This includes clothes, large amounts of cash, credit cards, jewelry, and special keepsakes. If this is not possible, please ask your nurse about storing your valuables in the hospital safe or Security office.

If you are scheduled for surgery, you will be asked to remove all jewelry including your wedding band. This is for your personal safety.

Other Tips for Your Personal Belongings

- Due to limited storage space, please keep personal clothing and possessions to a minimum.
- Eyeglasses, contact lenses, dentures, hearing aids, and other prosthetic devices may be kept with you. Protect them by placing them in a safe place (your bedside table drawer) so they are not accidentally discarded. Ask a member of your health care team for a Patient Belongings bag to store these items.
- Make sure your name is on your denture cup or ask your nurse for an easily identifiable denture holder.
- Never leave dentures or hearing aids on a food tray or on your bed.

FORMS AND INSURANCE

You will be asked to sign consent forms that allow our qualified staff to provide treatment or perform necessary surgical procedures. It is important you understand your treatment plan and the procedures your doctor will be using. If you are under 18, your parent or legal guardian must sign these forms.

If you subscribe to a health insurance plan, please submit any health insurance cards at the time of admission. No patient will be refused emergency services due to an inability to pay. For information about billing and financial support, see Page 16 in your St. Peter’s Health Partners Patient Handbook.
PATIENT INFORMATION
St. Peter’s Health Partners obeys all federal and state laws to protect patient health information. Information is shared only with health professionals, as needed, or other agencies, as required by law. Patients must decide whether to allow their presence in the hospital and their room number to be given out to anyone who calls the hospital information desk or switchboard.

Unless you “opt out,” persons may learn your room and phone number, as well as your visiting hours, by calling the hospital’s information desk or switchboard at (518) 271-3321. (If you “opt out” of providing the information, it will mean that not even family and friends can learn about your status or location.) Any other personal information must come from your doctor and is only made available to members of the immediate family chosen by you.

You may ask for copies of your records. To get an authorization for release of medical records, contact your nurse or Medical Records at (518) 271-3261. Our department is open from 8 am to 4 pm, Monday through Friday.

Patient Portals
A patient portal is a secure online website that gives patients convenient, 24-hour access to personal health information from anywhere with an Internet connection. St. Peter’s Health Partners supports two patient portals – Hixny and the St. Peter’s Health Partners Patient Portal.

Hixny
Hixny is a secure, electronic service for exchanging health information among hospitals and doctors in the Capital Region. This service allows your doctor to view and share information like medication history, allergies, and test results. It also lets doctors write prescriptions online and send them to your pharmacy.
By law, Hixny uses the most advanced security to protect your privacy. Access to your information will be limited to doctors treating you, and Hixny tracks every person who accesses information. This service makes it more efficient to get the information that is already being shared via telephone, faxes, and mail. Hixny includes 17 upstate counties: Albany, Clinton, Columbia, Essex, Franklin, Fulton, Greene, Hamilton, Montgomery, Otsego, Rensselaer, Saratoga, Schenectady, Schoharie, St. Lawrence, Warren, and Washington.

To participate, all you need to do is sign the Hixny consent form. If you change your mind, ask for another Hixny consent form to change your decision.

To view the information in your Hixny health record, you can sign up for Hixny for You. Visit www.hixny.org for more information.

**St. Peter’s Health Partners Patient Portal**
St. Peter’s Health Partners’ patient portal is an online tool that enables you to view your own health information. Our portal is secure and portable – you can access your reports from the comfort of your own home computer or tablet.

A patient portal provides you with 24/7 online access to your health information, whenever and wherever you need it. With our patient portal, you are better informed about your health and are able to be an active partner with your health care team. To learn more about our patient portal, visit www.sphp.com/forpatients.

**Identification Bracelet**
For your safety:
- When you are admitted, an identification (ID) bracelet with your name and patient number will be placed on your wrist.
- Wear your hospital ID bracelet at all times. Make sure the information on it is correct.
- Ask for a new one if it comes off.
- Make sure staff always checks your ID bracelet, and asks your name and date of birth before any test, procedure or giving medication.
WHAT YOU CAN EXPECT DURING YOUR STAY

We demonstrate our core values by providing high-quality, compassionate care to you during your stay. You can expect:

• We will talk with you and your family in a way that acknowledges your needs.
• We will introduce who we are and explain our role in providing your care, while keeping you comfortable and explaining what you can expect.
• We will communicate your progress and ask if you need anything before we leave your side.
• We will regularly check on you to ensure we are meeting your needs. We will ask you key questions about your pain, bathroom needs, comfort, and help keep your necessities in reach. (This process is also known as hourly rounding.)
• Information on who your caregivers are will be posted and updated on a board in your room to help you with your stay and recovery.

While you are here, if you have any concerns about your care, please let your nurse or nurse manager know immediately. We want your stay here to be as comfortable as possible.

YOUR ROOM

For your comfort, we make every effort to honor specific room requests. However, please understand there are times where we may be unable to fulfill your request. This can happen if your admission is an emergency, if the room you request is unavailable or if the room is specifically assigned to a medical or surgical specialty. We will be happy to transfer you when a room of your choosing becomes available.
PLANNING YOUR CARE FROM ARRIVAL TO DISCHARGE
Soon after you are admitted, a clinical care coordinator (C3) will begin to make regular visits with you to plan for your needs while you are in the hospital and after you leave. The C3 is a registered nurse who works closely with the members of your health care team (including your primary care provider) to coordinate your care beyond your hospital stay. Your C3 or a social worker is available to address other concerns you may have, including:

- Legal and financial problems
- Coping and bereavement issues
- Behavioral and mental health counseling
- Crisis intervention

C3s encourage and welcome the active participation of you and your family members in decision-making about your health care. Your C3 is committed to helping you maintain the quality care you need, for as long as you need it.

HOW TO BE INVOLVED IN YOUR TREATMENT

While you are a patient, we encourage you to take an active role in your health care.

The Partnership for Clear Health Communication has established the “Ask Me 3” program, a simple set of questions that you should ask your doctor, nurse or pharmacist at every visit. The questions are:

- What is my main problem?
- What do I need to do?
- Why is it important for me to do this?

We encourage you to ask questions and be sure you understand the answers. If you do not understand the answers, ask your health care provider to explain the information again. Your providers want to help you understand your medical conditions, test results, medications, treatment instructions, and patient safety issues.
Your Safety
We encourage all of our patients to take an active role in the prevention of infections and injuries. Important ways to do this can be found in the St. Peter’s Health Partners Patient Handbook. To learn more about:
• Preventing infection, see Page 10.
• Preventing falls, see Page 11.
• Fire/emergency drills, surgery and medication safety, see Page 12.

Remember to ask everyone (doctors, nurses, staff, visitors) who enters your room if they cleaned their hands with alcohol-based hand rub or soap and water. Ask your health care team if devices, such as urinary catheters and central venous catheters, are still necessary each day.

By partnering with your Patient Safety Team at Samaritan Hospital, you can help lessen the risk of health care-associated infections and injuries.

Your Comfort
Comfort and relief are important aspects of your care and treatment. We are committed to reducing your pain whenever possible and addressing your pain-control needs. To learn more, see Page 8 in the St. Peter’s Health Partners Patient Handbook.

Select a Caregiver Partner
We strongly recommend that the patient and/or family members choose a caregiver partner. This person acts as the designated spokesperson for the patient during their hospital stay. The caregiver partner can also update other family members and friends on the patient’s condition.
SPIRITUAL CARE AND OTHER HEALING RESOURCES

Spiritual care staff are an important part of the interdisciplinary health care team. Chaplains and other spiritual care staff are available to patients, family and friends of all faith traditions seven days a week, 24 hours a day. Our staff will visit and counsel patients, as well as provide opportunities for prayer, sacrament and ritual. To receive care from a chaplain or visit the hospital chapel, ask your nurse.

Patients are invited to notify the spiritual leaders of their own faith communities of their hospitalization. These persons are welcome visitors at our hospitals.

A Dedicated Space for Reflection, Meditation and Prayer

Samaritan Hospital’s Main Campus offers a quiet place for reflection, meditation and prayer on the second floor of the hospital’s South Building, between elevators 4 and 5. This nondenominational space is open 24/7 to all patients, families and staff.

Continuous reflective music, scenic viewing and scheduled prayer services can be viewed free of charge on Channel 17 of your in-room TV.

Palliative Care for the Seriously Ill

Palliative care provides relief from pain and other symptoms often associated with serious illness. A team of doctors, nurses, and other specialists work with a patient’s other doctors to provide an extra layer of support. The goal is to improve quality of life for both the patient and the family.

Palliative care is appropriate at any age and at any stage of an illness, and can be provided along with curative treatment. For more information, ask your doctor or any member of your health care team.
Ethics Consultation Service
Sometimes patients, their families, and their health care team face difficult ethical issues regarding treatment decisions. The St. Peter’s Health Partners Ethics Consultation Service has individuals trained in ethical decision-making who can discuss options for care, explain choices, offer guidance, and work with you and your health care team to resolve disagreements. This service is provided by each St. Peter’s Health Partners hospital. To reach this service at your hospital, call (518) 525-1602.

Institutional Review Board (IRB)
The St. Peter’s Health Partners’ IRB is in place to protect the rights and welfare of persons participating in clinical research trials. It is a board of local doctors, scientific members, community members and non-scientific members. This board reviews, provides oversight and approves or disapproves local human subject research based on medical ethics, and state and federal rules and guidelines. Patients who are already enrolled in a clinical research trial should inform their doctor and nurse. Patients interested in participating in clinical research should speak with their doctor.

GUIDELINES FOR VISITING PATIENTS
• General visitation hours are 9 am to 9 pm. A designated support person, chosen by the patient, will be allowed 24/7 visitation access. If the support person plans to stay or visit between 9 pm and 9 am, he/she needs to check in at the nurses’ station to receive a visitor’s badge. The nursing staff has the authority to limit visitation based on a patient’s care needs.
• All visitors should be free of infection or illness during visitation. Persons who do not feel well or have experienced certain symptoms within the last 48 hours should not visit the hospital. These symptoms include fever, cough, runny nose, sore throat, skin rash, vomiting or diarrhea.
• All visitors should wash their hands with soap and water or alcohol-based hand rub when entering and exiting your room.
• Visitors are encouraged to be respectful of all of our patients’ needs for rest and privacy.
• While family and friends are welcome, only two visitors should enter a patient’s room at one time.
• Patient information is confidential and should not be discussed in public areas.

**Visiting Critical Care Areas**
Special guidelines must be followed when visiting patients in critical care areas. It is very important for guests to check in with the staff in these areas regarding the policy specific to the unit. Critical care areas include: the Emergency Department (ED), Intensive Care Unit (ICU), Progressive Care Unit (PCU).

**Visiting Behavioral Health Areas**
Special guidelines must be followed when visiting patients in behavioral health areas. It is very important for guests to check in with the staff in these areas regarding the policy specific to the unit. Behavioral health areas include: the Inpatient Mental Health Unit, the Mentally Ill Chemically Addicted (MICA) Unit and the Geriatric Psychiatry Unit. Each unit has established visiting hours. The MICA and Mental Health Units accommodate visitors Monday through Friday 4:30 pm to 8 pm, and weekends from noon to 8 pm. The Geriatric Psychiatry Unit accommodates visitors from 11:30 am to 1 pm, and from 3 pm to 8 pm daily. Special requests and circumstances are evaluated by the treatment team and can be accommodated by making prior contact with the unit. Children under the age of 14 are not permitted in the units.

**Visitation by Children**
Children ages 12 and under are welcome to visit any time they are accompanied by a responsible adult. Under no circumstances may children be left alone with a patient.
Special Circumstances
Visitation guidelines for children and/or adults may change during special circumstances such as periods of flu prevalence or other infectious disease and/or New York State Department of Health alerts for visitation.

General Safety
Our goal is to promote a healing environment for our patients and staff. Violence, foul language or abusive behavior are not acceptable. Verbal threats or acts of violence will not be tolerated and may result in removal from this facility and/or prosecution.

PATIENT EXPERIENCE
If you have a concern, problem or complaint that has not been resolved through your nurses and doctors, you can call Patient Experience at (518) 525-1192 or email PatientExperience@sphp.com. If hospital staff are not able to resolve the problem, you may contact the New York State Department of Health by mail or phone.

You may call the toll-free number, 1-800-804-5447, or you may file a complaint in writing and send it to:

New York State Department of Health
Centralized Hospital Intake Program
Mailstop: CA/DCS
Empire State Plaza
Albany, NY 12237

Questions or comments: hospinfo@health.state.ny.us

Nondiscrimination Statement
Samaritan Hospital complies with applicable federal and New York state civil rights laws. If you believe that we have failed to provide services or discriminated in another way on the basis of basis of race, color, national origin, religion or creed, sex or sexual orientation, age, disability, marital status, military status or source of payment, you can file a grievance with the Samaritan Hospital patient experience coordinator at (518) 525-1192. Please refer to Page 8 of the St. Peter’s Health Partners Patient Handbook for more information.
PATIENT AND VISITOR SERVICES

DINING INFORMATION
Nutrition is an important component of your overall health and recovery. If you have been admitted, your doctor/provider will write your diet order prescription. At Samaritan Hospital, our meal service program, Catering to You (CTY), makes it possible to meet the nutritional needs of all of our inpatients while offering a variety of food choices to enhance your dining experience.

All inpatients at Samaritan Hospital are automatically enrolled in the CTY program. A patient dining associate is assigned to each patient. Your patient dining associate will receive your meal requests and will deliver meals to you. For more detailed information about CTY, please ask your nurse.

Meal service occurs between the following time intervals:
Breakfast, 7 am – 8:30 am
Lunch, 11 am – 1:30 pm
Dinner, 4 pm – 6 pm

The exact time of delivery varies for each floor. If your meal or meal service is not consistent with your expectations, please feel free to contact food service management at (518) 271-3496.

Inpatient Food Policy
Patients receiving food from home or outside of the facility should limit this occurrence to special circumstances. When you are admitted to the hospital, your food must agree with the doctor’s current diet order. If your guests are unsure of what foods are appropriate, they should contact Food and Nutrition Services before 7 pm at (518) 271-6621.
All visitors carrying food items must check in at the nurses’ station before entering into a patient’s room. Guests who plan to bring food to patients should only bring amounts that can be consumed at one sitting.

Do not walk in the patient’s room with any food that will not be eaten immediately. Any perishable food that is not to be consumed immediately should be appropriately sealed, labeled, dated, and stored in the pantry unit refrigerator. Any refrigerated food that is not consumed within three days will be discarded.

Any food that has been inside the patient’s room cannot be stored in the pantry unit refrigerator with other food. It must be disposed of.

Dining for Visitors
Our cafeteria is available for guests. If for any reason a guest needs to stay in the room with you, guest trays are provided for a fee of $5 per tray. Contact your patient dining associate or call Food and Nutrition Services at (518) 271-6621 to discuss guest tray procedures.

Cafeteria
The cafeteria offers a wide range of dining options including freshly made soups, hot and cold specials, salads, deli bar, desserts and beverages. The hospital cafeteria is open Monday through Friday, from 6:30 am to 6:30 pm. Saturday, Sunday and holidays, the cafeteria is open from 8 am to 6:30 pm.

Vending Services
Vending machines are available 24 hours a day. They are located:
• on P2, P3, P4 and P5 near the elevators
• on the ground floor near the elevators
• in the Emergency Department waiting room
HEARING AND COMMUNICATION SUPPORT
St. Peter’s Health Partners provides communication/language assistance at no cost to patients and their caregivers. Professional interpreter services (telephonic, video and on-site) are available 24/7 so you may communicate in your preferred language. See Page 6 in the St. Peter’s Health Partners Patient Handbook for more information.

All patient telephones are equipped with volume control to improve hearing, and closed-caption TV is available. For deaf patients, a TTY is available upon request. Patients who have vision problems may have translated, large print and electronic versions of patient materials made available. Contact the SPHP Communication/Language Access Program at (518) 525-6771.

TELEVISION AND TELEPHONE SERVICE
Samaritan Hospital provides both bedside television and telephone services free of charge.
- To make local calls (unlimited), dial 9 then the telephone number.
- To make long distance calls, dial 9, then 1, then the area code and telephone number.
- For assistance, dial 0.

**Courtesy Phone**
Our courtesy phone is on the wall near the tower elevators and Robison Lobby.
GUEST WI-FI, WIRELESS DEVICES AND CAMERAS
Visitors and patients are not allowed to use wireless devices (cell phones, tablets, laptops, two-way pagers, and PDAs) in restricted areas. All devices must be turned off (not just to vibrate) when in such areas. Check for restriction signs in your location, or if you have questions, ask your nurse or other staff members.

Our guest Wi-Fi network does not require a password. To access the WiFi, you must read the disclosure statement, then click “Continue to the Internet” in the red box at the top of the disclosure statement.

Our hospitals are dedicated to ensuring and protecting the privacy and dignity of all patients. To learn more about our photo and recordings policy, see Page 7 of the St. Peter’s Health Partner’s Patient Handbook.

MUSIC DEVICES
Only music devices with headphones are allowed. Please refrain from disturbing other patients with the use of these items.

MAIL
Letters, cards and flowers will be delivered by a hospital volunteer. Upon discharge, mail will be forwarded to your home address. If you wish to send letters, the volunteer who delivers your mail will be happy to help. Stamps are available in the gift shop.
LOST AND FOUND
Lost and unclaimed valuables usually are sent to Security Services on the first floor where they are kept for 30 days. To contact Security Services, call (518) 271-3321.

BANKING MACHINE
An ATM is available in the Robison Lobby on the first floor.

GIFT SHOP
The gift shop, operated by members of our Auxiliary, offers a variety of greeting cards, toiletries, flowers, newspapers, magazines, and assorted gifts.

The gift shop is located just off the Robison Lobby. The gift shop is open from 9 am to 3:30 pm, Monday through Friday, and closed on weekends.

AUXILIARIES AND VOLUNTEERS
A dedicated team of volunteers plays an important role in the quality of care provided by St. Peter’s Health Partners. Men, women, teens, college students, and young adults donate their time and energy to help patients, visitors and staff in almost every area of the health care system.

Volunteers greet visitors, provide patient information, support nursing staff on patient units, and provide clerical support in offices among many other tasks. Auxiliary members volunteer as well as help provide financial resources for hospital needs.

To volunteer at Samaritan Hospital, you must be age 16 or older. To learn more about becoming a volunteer or joining the Auxiliary at Samaritan Hospital, contact (518) 271-3284.
WHEN YOU LEAVE
The resources and services available to you following your stay.

DISCHARGE PROCEDURES
When it is time for you to be discharged, you will be given a written notice and plans for continuing care, as needed. If you have any concerns with the plan for your discharge, you may appeal it. Please note the section on appeals in the patient’s rights section of this booklet.

Upon your release, you will be told by a member of the hospital staff a specific entrance for someone to pick you up.

DISCHARGE HOME SAFETY
- Make sure you understand all discharge instructions, including treatments, medicines you will take and medicines you will stop taking.
- An updated list of your current medications will be given to you at discharge. Make sure you update your personal medication list with any changes and take it to every health care visit.
- Make sure you have all of the information you need for follow-up appointments.
- Let us know if you think you are being discharged too early or if you have any needs at home. We will make every effort to assist you.
- Let us know if you have any safety concerns at home.

PATIENT EXPERIENCE SURVEY
After discharge, you may receive a survey regarding the care you received at the hospital. We hope you will assist us by completing and returning that survey. Your comments are appreciated and valued, and help us to know what we are doing well in addition to improving the quality of our services.
PATIENT THERAPIES
Providing you with expert care in a location convenient to you, St. Peter’s Health Partners Patient Therapies offers a variety of options for your outpatient therapy needs. Whether you need services in Albany, Rensselaer, Saratoga, or Schenectady counties, St. Peter’s has the services you need to help you in your recovery. For more information, please call (518) 525-5211.

HOME CARE/VISITING NURSES
Comprehensive, in-home health care services are provided by The Eddy division of St. Peter’s Health Partners. These services, which help individuals remain independent and in the comfort of their own homes, include:

- Home health aides, medical social workers, visiting nurses, and specialty nurses, including IV therapy and HIV/AIDS care
- Home infusion, home medical equipment and supplies, monitored medication dispensers, and telehomecare
- Nutritionists
- Physical, occupational and speech therapists
- Palliative care
- Wound-ostomy-continence care
- Personal emergency response systems

For more information, call (518) 274-6200.
EDDY HEALTH ALERT FOR PERSONAL PROTECTION
If you or someone you know may need help at home in case of a fall or emergency, Eddy Health Alert can give you the peace of mind you need. This waterproof, personal protection system provides instant access to help 24 hours a day, 365 days a week – at the simple push of a button.

Eddy Health Alert can be connected to your home phone or you can receive a home-based cellular unit. This unit is equipped with GPS technology and makes help available to you from anywhere in the United States. For more information, call (518) 833-1040.
PAYING FOR YOUR CARE
Information and support to help you understand how to pay for your care is available. See Page 16 in your St. Peter’s Health Partners Patient Handbook for general instructions about paying for your care. You may also visit sphp.com to learn more.

The website will also provide you with a list of physician groups that Samaritan Hospital has contracted with to provide services, including anesthesiology, pathology and radiology. To determine whether a physician from one of these groups participates in your health plan, please either write or phone the group using the address or number provided.

If you are unable to access this information on the website, please call the Samaritan Hospital Patient Access department at (518) 271-3574.
At St. Peter’s Health Partners, we are committed to improving the health and well-being of our community, not only as a caring community member, but also as a catalyst for change in building foundations for the future. We are continually working to further improve our ability to meet the community’s needs, and to provide access to health care, especially for the poor and underserved.

Samaritan Hospital, as well as all our St. Peter’s Health Partners legacy affiliates, rely on philanthropic dollars to provide resources beyond what daily operations can fund to enhance the exceptional care and services we provide. As a not-for-profit, integrated network of health care providers, we depend on the involvement and support of the communities we serve. Contributions to the St. Peter’s Health Partners Center for Philanthropy provide the support that is so crucial to our ongoing ability to provide high-quality, innovative care.

There are various giving opportunities available to meet each donor’s wishes and needs. Donors may often wish to remember a loved one or friend, or recognize and honor a doctor or nurse who cared for them or a family member. Gifts of cash, securities and assets may be given either outright or through a bequest or life-income gift. There are also opportunities for gifts in-kind for support of events or other targeted needs. Please contact the Foundation staff to discuss the many options available. To include St. Peter’s Health Partners in your charitable gift plans, please fill out the following form and return it to the address listed. For more information, please call the Foundation at (518) 482-4433 or visit givetonortheast.org.
